

7. The rate tender of each item shall include cost of delivery free on Rails at French Rocks, Madras and Southern Mahratta Railway and at Belagula Station, Mysore State Railway.

8. Orders will be placed with the successful tenderer, as the articles are required and the supply of an order in full must be completed within three weeks on receipt of the order, failing which the unexecuted portion of the order will be cancelled, orders placed elsewhere and earnest money deposited by the successful competitor forfeited, as a penalty for the non-execution of the order in full.

9. In quoting rates for each item, samples should be marked and sent.

B. B. GARUDACHARYA,
Superintending Engineer.

WATER-SUPPLY DIVISION.

Notification dated 29th March 1918.

Notice is hereby given that separate sealed tenders will be received up to 12 noon of 1st May 1918, for the supply of uniforms, etc., to the different Pumping Stations attached to this Division for the year 1918-19. The probable number of uniforms, etc., required for each Pumping Station is noted in the separate statement appended. These quantities are not guaranteed.

2. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer's Office. The tenders should be accompanied by a statement showing the rates at which different articles will be supplied as per statement attached together with samples of the articles tendered for and labelled with the name of the tenderer.

3. The tender for each pumping station should be accompanied by a deposit of Rs. 50, in each case in cash or in Government Currency Notes as earnest money and be superscribed as "Tender for the supply of uniforms to pumping station" for the year 1918-19, in default of which tenders will be rejected.

4. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or assign any reason whatsoever for the rejection of any tender.

5. Within a week of the acceptance of any tender, the successful competitor will be required to execute the usual contract bond, one of the conditions being that the supply will be completely delivered by 1st July 1919, in default of which his tender will be considered cancelled and his earnest money forfeited.

6. The name of the successful competitor will be posted on the Notice Board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of any tender will receive attention.

7. The samples will be seen by the Executive Engineer in his office between 1 to 5 P. M. on office days. The uniforms should be complete with buttons, etc., in every respect and the cut and stitching should be up to date. The uniforms should be delivered at the respective pumping stations. Each station's supply should be brought to the Executive Engineer at his office for inspection and approval before the articles are delivered at different stations. The quality should be the same as that of the samples shown and approved of. Should there be any difference in any of the prepared

articles and the approved samples, the contract is not only liable to be cancelled but the earnest money forfeited and the party will be made liable for any extra cost that may be involved in purchasing them from elsewhere.

8. The successful tenderer is required to take the measurement of the uniforms at the Pumping Stations where the parties are and have such measurements certified by the Superintendent concerned as to their correctness and this should be produced along with the finished ones brought for inspection and approval before delivery to the station concerned.

Statement of uniforms, etc., required for the staff of the Water-Supply Division during the year 1918-19.

S. SRINIVASA IYER,
Executive Engineer.

BANGALORE DIVISION.

Dated 3rd April 1918.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Bangalore Division, up to 29th April 1918, for restoring Karehalli Amanikere and Doddasagarahalli Tanks, Registered No. $\frac{291}{25}$ and $\frac{200}{29}$, respectively of Devanahalli Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of December 1919.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office, Bangalore Division, between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 500 only in currency or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring Karehalli Amanikere and Doddasagarahalli Tanks Registered No. $\frac{192}{25}$ and $\frac{200}{29}$ respectively of Devanahalli Taluk, in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates should be stated specially. Tenders with vague quotations "Such as, as per market rates" will be rejected.
